

AUDITOR'S REPORT

TO: The Members of Friends of Makerere in Canada Inc. (FOMAC)

I have audited the balance sheet of Friends of Makerere in Canada Inc. as at March 31, 2000 and the statements of income and changes in financial position for the year then ended.

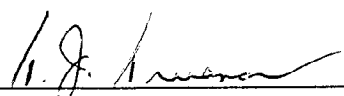

These financial statements are the responsibility of the organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

Except as explained in the following paragraph, I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentations.

In common with many charitable organizations, the organization derives revenues from dues and donations the completeness of which is not susceptible of satisfactory audit verification. Accordingly, my verification of these revenues was limited to the amounts recorded in the records of the organization and I was not able to determine whether any adjustments might be necessary to income, net income from the year or funds under administration.

In my opinion, except for the effect of adjustments, if any, which I might have determined to be necessary had I been able to satisfy myself concerning the completeness of the dues and donations revenues referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the organization as at March 31, 2000 and the results of its operations and changes in its financial position for the year then ended, in accordance with generally accepted accounting principles.
